

## Finding a Voice in Fiber

60-minute PowerPoint lecture

Molly warping Varapuu tapestry loom

Perhaps your journey has, like mine, taken you all over the fiber and craft map? I present a trunk show of my weavings, quilts and mixed-media fiber art, ranging from the earliest quilts I made to handwoven wearables and tapestries. You'll hear how I ventured into papermaking, dyeing, embroidery and weaving and learned to design original work. Along the way I transitioned from hobbyist to professional artist and teacher. One-hour presentation includes time for questions and close-up looks at several works.

Suitable for: all

Length: one hour

Minimum/maximum number of students: 10/unlimited

Tuition: \$150 per group

Tech: Screen or blank wall for PowerPoint; Molly can provide laptop and projector as needed.
